

Where do you want to be 2 years from now? In the same place or some place different?

An inspiring career... Unlimited earning potential and financial success... Flexibility to create your own schedule... Time for family and yourself... A community of positive, supportive women... A Mary Kay business can bring something more to your life!

Mary Kay Inc. was created with one objective: to provide an open-ended opportunity for women! The company encourages building a successful business while living a balanced life - a philosophy that is more relevant NOW than ever before! Since its start in 1963, Mary Kay has been built on the highest values of putting God, family, and career in perspective, praising people to success, and working by the Golden Rule (doing unto others as you would have them do unto you). With Mary Kay, your work is more than a business or a paycheck. It's a passion and a lifestyle, honing your skills, cultivating your talents, and enriching your income! You can thrive as part of a positive, supportive community of women - now 1 million strong - committed to Mary Kay's mission of enriching women's lives. Today, the latest development in web technology and online shopping allow Mary Kay Independent Beauty Consultants to serve the millions of customers worldwide with personalized service and efficient delivery of products!

Here are the answers to 5 of the most frequently asked questions:

1. How much money can I make? Revenue opportunities are numerous. In addition to profits through our 5 ways of product marketing: on the face, on the go, on-line, on paper, and on with the show, Consultants also earn other benefits such as team building commissions (paid from corporate profits) and free cars. The choices are yours and the earning potential is unlimited! As your customer base grows, so will your reorders because of our consumable product. Your Mary Kay business provides an open-ended professional solution, free of glass ceiling limitations and corporate downsizing. You advance at your own pace.
2. How much time does it take? As much as you want it to. The busier you are the better you'll do because you are already a great time manager. Most women who begin their Mary Kay businesses already have a job and a family. The question is not "do I have time to start a business" but rather "is how I am currently spending my time getting me where I want to be personally, professionally, and financially?" We can teach you how to weave your new business into your already busy life so that you can achieve your business goals!
3. Where do I get my customers? It starts with women you already know! We train you to grow your customer base with specific instruction on how to find new customers and book appointments. We also help launch your business with a Business Debut. Since we have no territories, your out of town friends and family can shop with you too. If you know three women with skin, you have a great start to your new business!
4. What is the investment? Your Starter Kit is \$100 plus tax and shipping. It contains all the tools you will need to introduce your first 30 customers to our best-selling products along with step-by-step guides on how to run your business. The Starter Kit contains over \$316 of full-sized retail product, and along with all of the other tools included, it is valued at over \$400! Most Consultants choose to have product inventory on-hand to service their customers on the spot. Inventory is not required but it is recommended because it helps you to save time and make more money. You can have as much or as little inventory as you choose. Many Consultants start with a few hundred dollars to a few thousand dollars in product, the choice is yours. Mary Kay also has incredible free product bonuses available to help you start your business! Your Sales Director or recruiter will counsel you and help you make these decisions according to your individual needs and business goals. If you decide Mary Kay is not for you, the Company has a 90% buy-back guarantee on product purchased within the last 12 months.
5. How do I get started? It's as easy as submitting your Beauty Consultant Agreement along with your check or credit card for your \$100 Starter Kit plus tax and shipping! You are then eligible to order your products at cost and begin your training!
